**Notes on course content and duration:**

The syllabus and the topics described for each module may change for reasons such as updates to criteria, changes to software features, specific customisation requests, new regulatory requirements, shifts in operational practices, advances in technology, or feedback from previous course participants. The durations outlined for each module are indicative.

The schedules are tentative and may need to be updated as required.

Aeropath reserves the right to postpone or cancel the course if minimum participant requirements are not met.
